

QParents

Secure online parent portal

Benefits

QParents is a secure, online portal created for the parents and care givers of Queensland state school children. Parents can access their child's student details, download timetables and report cards, see a child's attendance record, report absences and access invoices and payment details.

QParents provides a more convenient way for parents to interact with their school and will help streamline school administrative processes. It is hoped that this solution will encourage and support parents and care givers in the active role they play in their child's learning journey.

The key benefits of QParents include:

Greater transparency of information

- Improves accountability between parents, care givers and schools by providing timely access to their child's information online.

Contemporary state-wide solution

- Secure 24/7 access online.
- Anytime, anywhere accessibility—access QParents on your smart phone, tablet or computer. QParents is a scalable solution that has the potential to become a centralised information hub for parents and carers to help them manage their child's educational journey and achievement.

Improved administration efficiencies for schools

- Allows schools the opportunity to streamline their administrative processes and cut down on information requests received from parents and care givers.
- Potentially reduces the need for printing and mail-outs of thousands of pieces of paper each year.

Convenience and time savings for parents

- Parents and care givers can simply login to QParents anytime anywhere and view or request a change to their child's details.
- Parents and care givers can download report cards, timetables and invoices instantaneously.
