

QParents trial

Last year we commenced a trial of QParents with parents of year 7 students. Thank you to those parents who have registered for QParents. Registered parents now have the opportunity to access to their children's student records at their fingertips, anytime, anywhere

It's not too late for those parents whose students are now in year 8 to register for QParents.

What is QParents?

The QParents web and mobile application provides a more convenient, easier way for parents and legal guardians of Queensland state school students to interact with their child's school. Parents will have secure, online access to their child's student information, anytime, anywhere, through a smartphone, tablet or computer.

QParents allows parents to connect instantly with their child's school to access and manage their child's student information, including:

- Attendance and absence details, as well as the ability to notify the school of an absence
- Academic report cards
- Class timetables
- Viewing unpaid invoice details, payment history, and making payments online
- Viewing and updating student details, including medical conditions and address
- Enrolment details

QParents is available from your smartphone, tablet or PC and it's free.
